Experince.

USBC / Senior Product Designer (Design Engineer)
Remote / January 2026 - September 2026

I work directly in frontend, taking designs from Figma into code and improving them along the way. I refine design system components, interactions and animations, solving the details that often get lost between design and development. I also built the company website in React Native, using Framer for secondary pages to leverage its CMS.

Olyn / Lead Product Designer
Remote / Mar 2025 - January 2026

Led product design for the movie platform, from CMS to checkout, improving clarity and ease of use.

Sylq / Lead Product Designer
Remote / Oct 2022 - Mar 2025

Shaped the full product experience across mobile, web, and e-commerce. Drove design strategy, execution, and brand coherence across platforms.

Festivawl / Founder & CEO
Remote / April 2023 - September 2026

Building a centralised mobile app for every festival in the world, helping people organise better and check up on lineups easier.

Coorest / Product Designer & Web Developer
Remote / Feb 2022 - Jun 2023

Built the website in WordPress and the Web App design in Figma.

Clarru Design / Founder & Product Designer
